SUBMIT

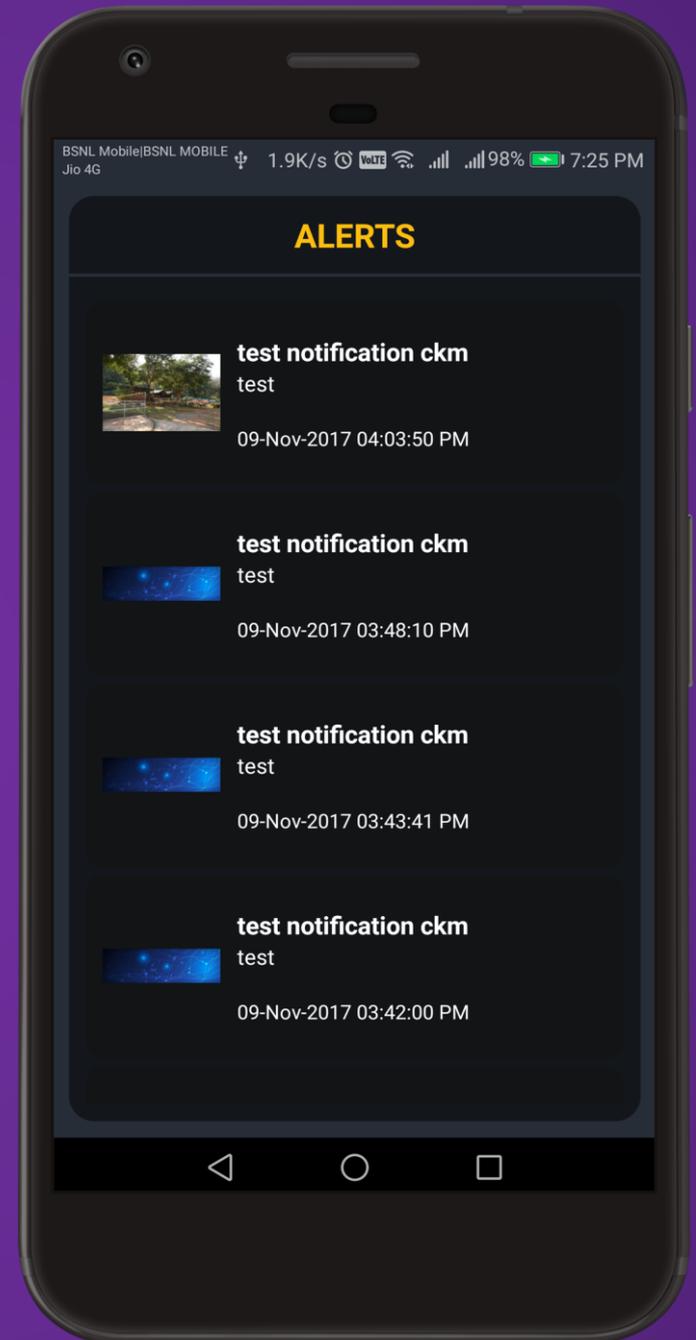

This form can be used to search if any vehicle is reported stolen anywhere in India. It is particularly useful when buying second hand vehicles or just verifying any vehicle for other reasons. Users are advised to check with engine number or chassis number if possible, since registration number can be faked easily.

Instant Police Notifications

Any message which has to be broadcasted to the users can be easily sent as instant notifications.

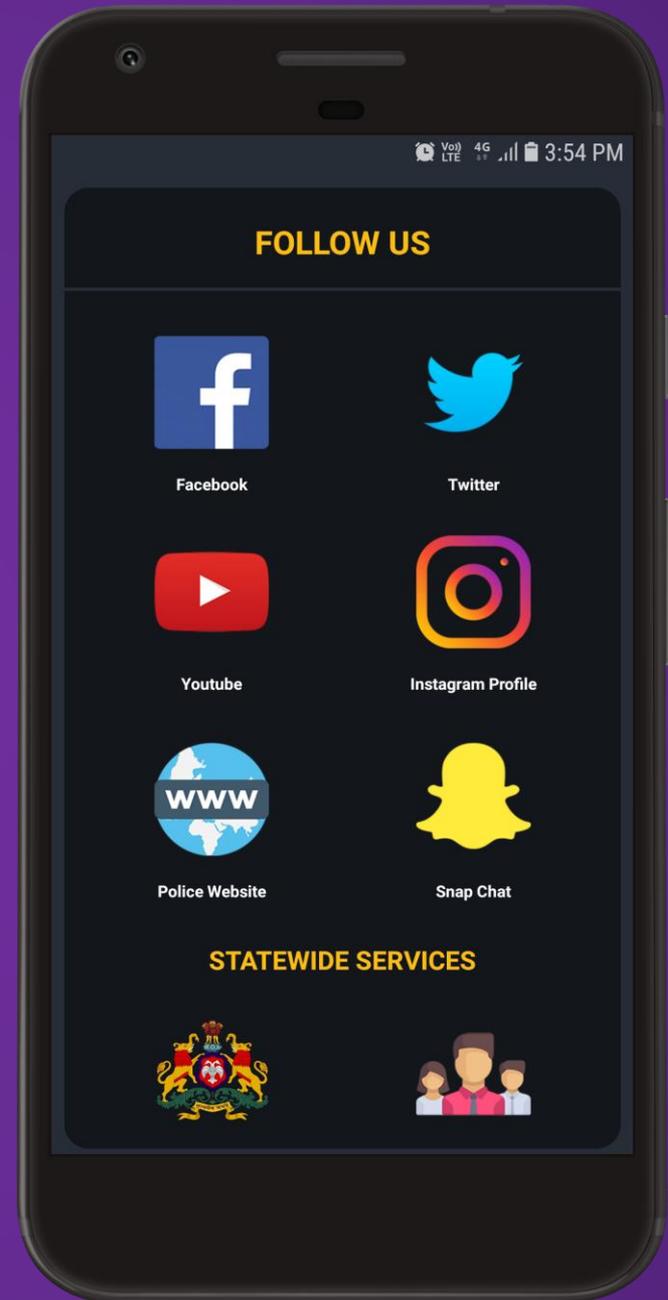

All Users of the district will be notified instantly.

Ex: Can be used for announcements, request to public, announcing any major events in district etc.

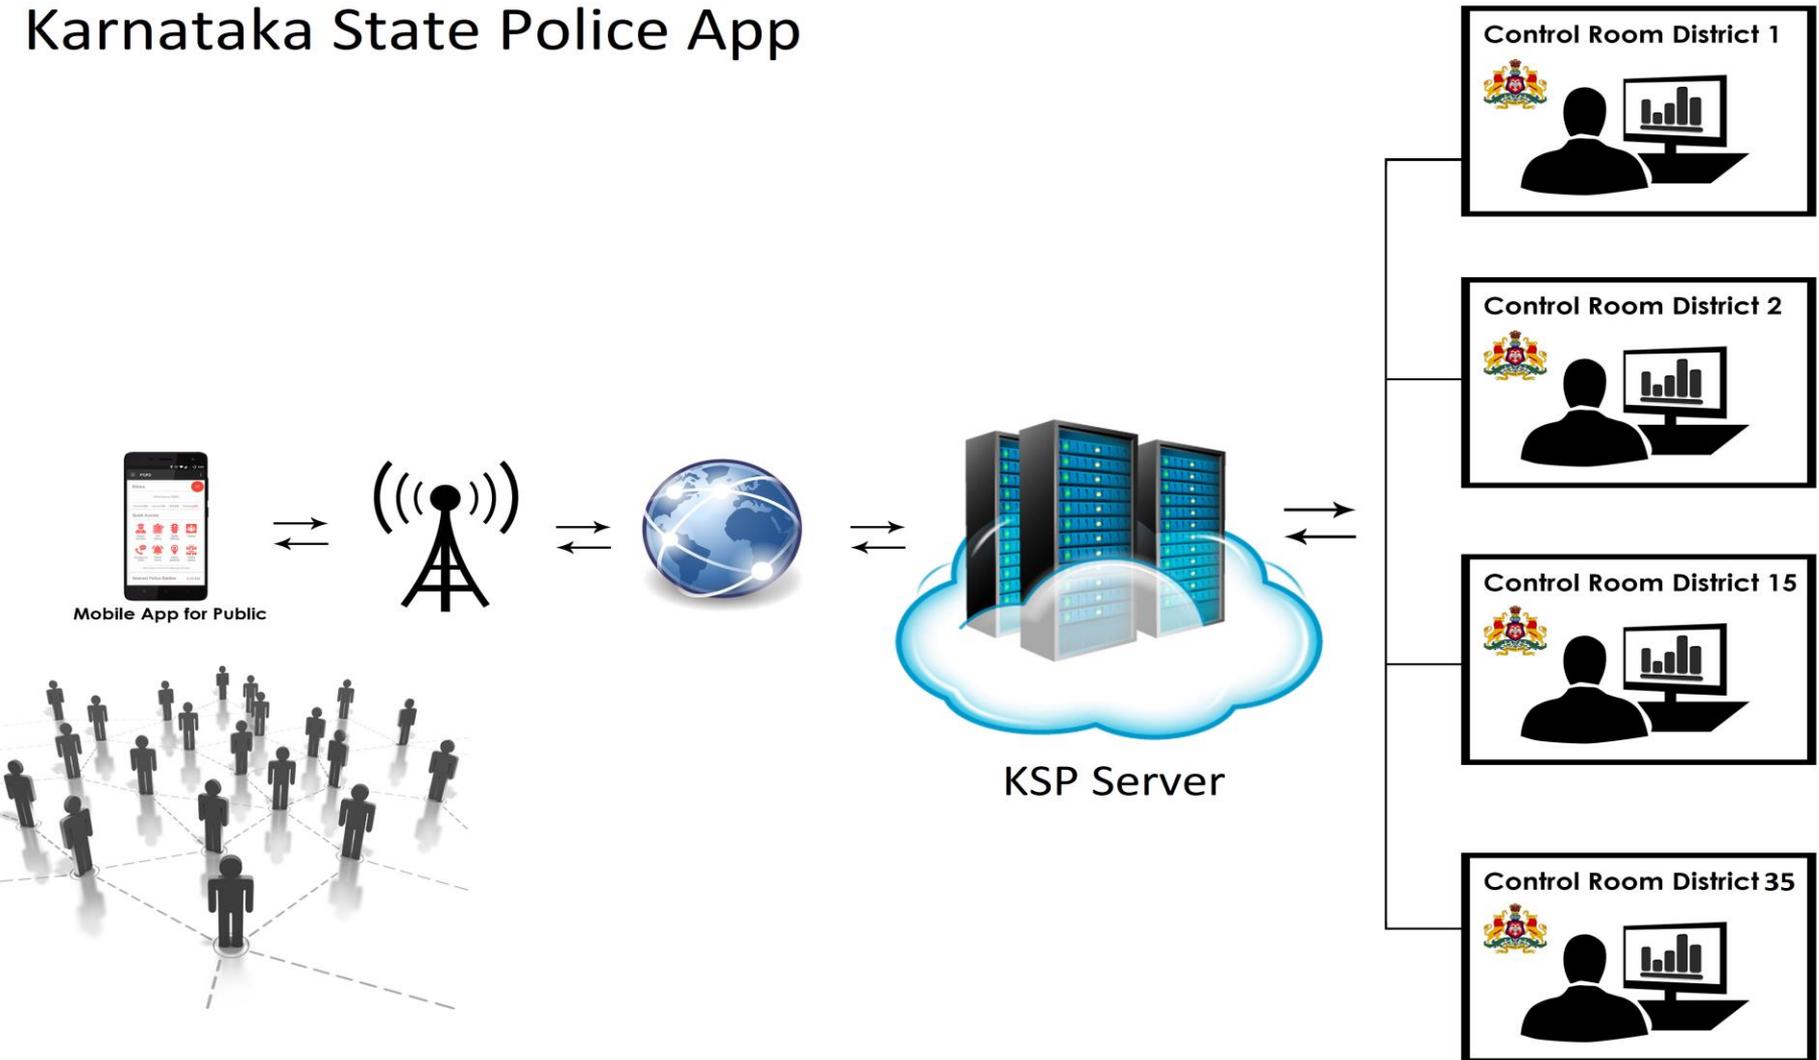

SOCIAL MEDIA

Users can access Social Media profiles of their selected District Police Units such as Facebook, Twitter, YouTube, Instagram etc. along with State wide services like Citizen Centric Portal and Karnataka State Police Website

System Architecture
